Subject: RE: GBF/HARC public meeting on January 16th?
Date: 11/28/2012 01:34 PM

Hi Donn-

If possible, I would like to set it up so y'all could attend if you wanted. Can you get with HCAO and see if you can come up with a date for the CAC meeting? Then, we could try to accommodate not only you but the folks coming from Austin for the CAC.

Thanks-

Scott

Scott, I have been out of the office. It would be good but not required to line this up with the Jan CAC mtg. That would be the 3rd or 4th week of Jan. And I will need to coordinate that date with HCAO. Also, EPA does not hold public events on Wed eve's, so we can discuss that. thanks

Subject: GBF/HARC public meeting on January 16th?

Hello Folks-

In case you wanted to attend and/or provide updates from your respective programs, I wanted to see if the evening of Wednesday, January 16th would work for most of you the GBF/HARC (TAG) public meeting.

At that meeting, we will provide the audience with our review of the cleanup thus far, the timeline going forward, sources of information and opportunities for public involvement. We would also like to help further explain to folks the relationship between the SJRWP cleanup, the TMDL, and seafood advisories. We are open to other agenda ideas.

We would have it at either the Highlands Community Center or just across the river in Baytown at the J.D. Walker Community Center which is just north of I-10.

If that date doesn't work for you, please let me know and then we'll make a determination if we need to have it on another night.

Thanks-
Scott
